Transcriber's Office
FLOOR DEBATE

March 28, 2002 LB 588

I can't vote against this because they'll vote against me. I've heard it. How many times have I heard it? How many of you know that you've come to me and told me things like that, and then you bring this kind of legislation when you know that some of us are not going to support it. I've been here 32 years, so I'm entitled to carry on in the way that I do because I have weathered storms that you all have not even been a part of, and I'm here with you to weather the storms that you are a part of. But I'm not going to go...

SPEAKER KRISTENSEN: One minute.

SENATOR CHAMBERS: ...along with things like this. So I'm going to fight it, and instead of letting it go all the way to a vote to pass or not move, I'm going to put a kill motion on it. Senator Dierks has already told you we can do this with a resolution. That's all that's in here. I read it. I was in the committee. I heard the hearing. My colleagues know how I grilled those people who came up to the table to testify, and I didn't soften up on President Smith, and if my recollection is correct, he left before the hearing was over. I think what he said was, I paid my dues to the devil, I'm getting out of here. And you heard Senator Tyson tell you how you got to deal with me. When you're going to deal with the devil, you better deal with a long-handled spoon. And maybe he felt he was singed and didn't want to stay around and have any of the embers float down and burn him some more. But he knew that what they were talking about had no substance, but because of the low regard and the little respect they have for the Legislature as a whole, and the Agriculture Committee specifically, they thought they could bring...

SPEAKER KRISTENSEN: Time.

SENATOR CHAMBERS: ...some cock and bull nonsense like this.

SPEAKER KRISTENSEN: Senator Wehr...

SENATOR CHAMBERS: You said time?

SPEAKER KRISTENSEN: Yes, I did.
